

How to Create a Cheer Page for your Virtual Food and Hygiene Drive

To set up a Personal Cheer Page, you'll need to create an Omaha Gives! donor profile. You can then set up a page to promote Heartland Hope Mission on OmahaGives.org. All you need to do is:

1. Log in to, or create, your Omaha Gives! donor profile.
2. Click on the "Cheer Page" tab of your account.
3. On the "Cheer Pages" tab, click on "Create Cheer Page".
4. Enter the information you want on your Personal Cheer Page (i.e. a picture of you, a video about Heartland Hope Mission, a personal message asking your friends and family to donate, etc.).
5. Create a custom URL for your Personal Cheer Page.
6. Set your fundraising goal.
7. Submit your page to the nonprofit for approval.
8. Heartland Hope Mission will review the information and either approve the page, or contact you with any questions or concerns they might have.
9. Once the Heartland Hope Mission approves your campaign, you'll get an email notifying you that your cheer page is now live. Next, you'll want to tell others about it by sending the custom URL to your page in an email or by sharing it on social media.

If you have any questions, please contact Renae by phone at 402.733.1904 x 11 or by email at Renae@HeartlandHopeMission.org.
