

Our mission is to be more than a pantry by providing clients with resources to be food secure and self-sufficient in a hope-filled environment.

In 2018, every client received one-on-one care from a Client Service Specialist at our South Omaha location; providing a personalized touch to families in need as they work toward self-sufficiency. Many of our clients have never had to ask for help before and are not aware of the resources available to them. Referrals connect families to agencies and services such as: medical care, housing assistance, utility assistance and financial coaching, which helps to prevent homelessness.

“It’s stressful not knowing...”

Dennis came to our Millard Pantry after he lost his job. As he actively looks for employment, he struggles to buy food. “It’s stressful going day-to-day not knowing where I’m going to get my next meal,” he said. Dennis comes to the pantry monthly to receive a week’s supply of food, along with clothing and hygiene items. Through our Job Paths program, Dennis connected with a recruiter from Omaha Steaks about available positions.

Dennis receives groceries at the Millard Pantry.

Millard Pantry

2018 was the first full year that our Millard pantry was open twice a month, which resulted in an increase of 51% more pantries served than in the previous year. We offer full pantry services at this location including: client services, clothing and diapers. Clients do not need to live in Millard to receive services at this site.
